PIPE CLEANER WREATHS AND CANDY CANES

DIRECTIONS

All you need are 12 inch long pipe cleaners, the colors of your choice, and ribbon to tie at the joining of the wreaths.

For a larger thicker decoration I worked with doubles of each color and braided three double strands, twisting at the top and bottom to prevent unraveling. Then I bent into desired shapes and added a ribbon to the wreaths. These take mere minutes to make so your young ones won't lose patience.
