

Mrs. Saint Nick's Simple Star Decorations . . .

Supplies

Wooden Stars from Craft Store

Red paint

Glue

Ribbon

Beads, bows, buttons, sparkles, pennies, paper clips, shells, broken jewelry and whatever suits your fancy.

Directions

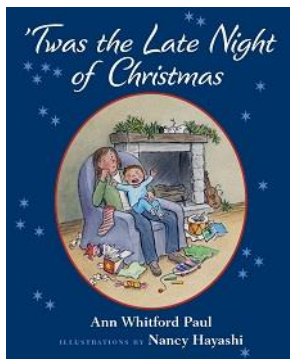

Paint stars. Make sure both sides and edges are covered. Let dry.

Being big into recycling, I had great fun using anything I could find around the house to glue onto my stars.

Have fun creating your own unique stars.

After everything is dry and secure, cut ribbon into 6 inch lengths and using a glue gun, paste your ribbon hook on back.

Could anything be simpler?
